Holiday Gifting

Custom holiday gifts for your clients, teams and partners.

INTRODUCTION

Salt & Pepper Gifts

A creative gifting agency based in Los Angeles, producing corporate gifting programs for brands, studios and agencies.

We manage every stage in house — packaging design, product sourcing, personalization, assembly, and nationwide and international fulfillment. Whether the list is twenty-five recipients or five hundred, you have one point of contact, one timeline, and one team accountable for delivery.

We work as an extension of your team, from brief through final delivery.

OUR PROMISE

The best holiday gifts
feel personal — even
when you're sending
four hundred of them.

We work hand in hand with you to design and create
gifts that are memorable and personal — and we
handle everything from start to finish.

WHAT WE MAKE

Everything between the idea and the doorstep.

01

DESIGN & PACKAGING

Custom boxes engineered around your gift, or a stock box stamped with your mark.

02

SOURCING

We source every item and manage the vendors, so your team never has to chase one down.

03

PERSONALIZATION

Foil, engraving, monograms, and cards printed one name at a time.

04

PACK & SHIP

We pack every gift and send it out, to one address or hundreds.

HOW IT COMES TOGETHER

Five steps, start to finish.

01

The brief

We start with a conversation — who you're gifting, how you'd like them to feel, and what you have to spend.

02

Ideation

Once we have the details, our team puts together real creative concepts for your team to review. Nothing here is one-size-fits-all.

03

Revisions

We refine until it's right so you're happy, and so your clients receive it well.

04

Production

Boxes made, products sourced, every gift personalized and packed by hand.

05

Fulfillment

Upload your list to our portal. We handle addresses, routing and tracking.

TIMING

How long it takes.

Stage by stage, from the first call to your client's doorstep. Custom packaging is produced alongside sourcing, so it doesn't add to the total.

01	02	03	04	05	06

Shipping ground; transit time varies by destination.

TIERED GIFTING

Three tiers, one budget.

Most holiday lists aren't one list. Set an overall budget, split your recipients into tiers, and we'll build a gift at each price point — all in the same design, so they read as one collection.

TIER THREE

Classic

A beautiful standard box, stamped or foiled with your mark. Curated goods and a personalized card. Clean, fast, and no tooling.

AVERAGE PRICING

\$100 – \$150

TIER TWO

Elevated

A stock box dressed up — custom wrapping, a printed belly band or sleeve, deeper curation, a name or monogram.

AVERAGE PRICING

\$150 – \$250

TIER ONE

Bespoke

Fully custom packaging built for that gift and nothing else. Individual personalization and premium sourcing.

AVERAGE PRICING

\$250 – \$500

Wine, spirits and where they can go.

Alcohol can't ship everywhere, and the rules change by state. We handle it so you don't have to think about it.

WE CHECK THE LIST

Every recipient is screened against shipping restrictions before production.

A SWAP, NOT A GAP

Restricted recipients get an equivalent gift at the same price point, in the same packaging.

DOMESTIC LIQUOR

We can ship wine and spirits anywhere within the US that permits it.

INTERNATIONAL

We can't ship liquor overseas, so international recipients receive a gift of similar value instead.

Ask us early if your list is national — it changes nothing about the design, only the routing.

CUSTOM SERVICES

Another fully branded experience.

Custom printed box, custom insert, and a product mix curated for the brand.

CUSTOM SERVICES

Branding applied at every level.

Next, a few of the ways you can add your mark to a gift — from a simple stamp to laser engraving.

CUSTOM SERVICES

Branding applied at every level.

CUSTOM PRINTED BOXES

Fully custom packaging, or our stock boxes stamped with your mark.

LASER ENGRAVING

Monograms and marks cut into wood, leather, sterling silver and pewter.

STOCK BOXES

In stock, and ready to brand.

A stock box looks bespoke at a fraction of the cost, with no tooling and no long lead time. Each one takes branding differently — a belly band, a printed folding carton, a foil stamp or laser engraving — and we'll tell you which suits the box you pick.

KRAFT MAILER

Branded with a belly band, or housed in a printed folding carton.

CIGAR-STYLE MAGNETIC

The one stock box we can foil stamp directly.

TWO-PIECE RIGID

Arrives pre-built, so branding is a belly band or printed sleeve.

WOODEN BOX

Takes laser engraving — your mark cut straight into the lid.

Wrapping that earns the pause.

Wrapping, ribbon and crinkle fill in your colors — simple ways to elevate the gift and the experience for your client.

METALLIC WRAP

Gold, silver and copper foil stock.

MATTE WRAP

Solid colors, or printed to your pattern.

VELVET RIBBON

Deep pile, matched to your brand color.

HOLIDAY TOPPERS

Wreaths and sprigs, finished by hand on the box or card.

CRINKLE FILL

Cushions the gift, fills the frame.

PERSONALIZED CARDS

A card that makes your brand shine.

Foil-stamped, printed in your colors, and personalized to the recipient. We'll send samples so you can see the stock and the foil in person.

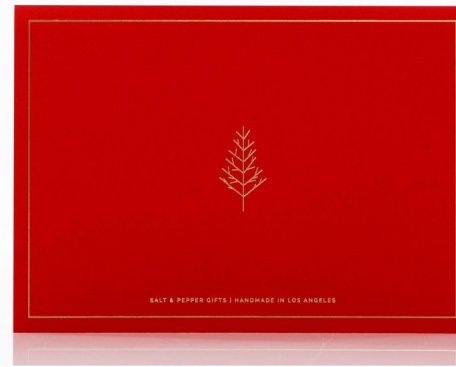

FOIL STAMPED LOGO

Your mark in gold, silver, copper or blind deboss.

YOUR GIFT MESSAGE

Any wording you like, set in your brand typeface.

YOUR BRAND COLORS

Printed in your palette, so the card feels on brand.

PERSONALIZED CARDS

Each card printed with their name, from your list.

GETTING STARTED

Four things and we can begin.

Share these details with our team and we'll return a set of design concepts for your review.

Roughly how many people, and whether they split into tiers.

BUDGET RANGE

Per gift or in total — either works.

DELIVERY DATE

When they need to land, and whether that's a hard date.

YOUR LIST

Names and addresses, in whatever format you already keep.

How we work.

PAYMENT

50% deposit to begin. The balance is due before gifts ship.

WHAT PRICING INCLUDES

Quoted gift prices cover the gift, the box and the items inside — exclusive of sales tax, shipping and the service fee.

SERVICE FEE

20% of your project total, which covers project management and coordination.

SHIPPING & FULFILLMENT

Shipping is billed separately, or send us your own labels. Gift packing and fulfillment are charged per gift.

TAXES & DUTIES

Not included and billed after delivery.

PRODUCTION

Once the deposit is received and the design is approved.

CANCELLATION

Custom packaging can't be resold, so it's non-refundable once production starts.

Added recipients or design changes may affect both the timeline and the cost.

Let's make holiday gifting special.

Thank you — we'd love to help you with your holiday gifting this year.
